## Editorial

This issue of Aleppo Temple's Ceremonial News, announcing the next Ceremonial Session, gives the Nobility a few interesting facts; namely,

**Analysis of membership.**  
**What happens to Aleppo funds.**  
**Cost of Ceremonials.**  
**General committees to create a greater interest in Shrinedom.**

There never has been a time, certainly not within the memory of most of us, when there existed a greater need for the spreading of sunshine and brotherly love—the very essence of the inspiration which brought our Shrine into being—an organization that should be most highly prized and taken advantage of.

Considering the real purpose underlying its creation and continued existence, it should be the aim of each and all of us to make the pathway of life of those with whom we come in contact brighter and happier.

To obtain novices so far this year has been difficult. The task will not be any easier for coming Ceremonials. Candidates can only be obtained by personal efforts of Nobles who will take upon themselves the duty of getting them.

Aleppo must not recede. Each member should feel a responsibility in this matter. It is not enough that one pay his dues. The sense of satisfaction of being able to sponsor a friend's petition should be sufficient urge for obtaining novices.

The coming Ceremonial will be so different it will be new. The Degree Staff has concluded that too many have strayed far from our oasis and that there is much "hot sand" between them and the "Kaaba" and that they should be regenerated and reunited to the fold. So be sure to come and bring someone with you that has not attended for a long time.

Come and give your officers a hand. Remember we are all new on the job—from Potentate to Marshal—and then some. Razz us, if you like. Make a lot of noise and radiate good cheer. Above all, make the candidates feel that they are the whole show. Then let 'em down and send 'em home feeling that they had a pretty good time and that they now belong to something worth while.

For the opportunity afforded your Potentate of serving you, and cementing still further the friendships he has acquired, he is truly grateful.

Sincerely yours in the Faith,

*U. Tellum*  
Potentate

## NOBLES' EMPLOYMENT EXCHANGE

"Get going—do something," was the proclamation of Charles Edison, son of the famous inventor, today. On the bulletin boards of the Edison plants was this notice: "President Roosevelt has done his part, now you do something."

"Buy something—buy anything; paint your kitchen, send a telegram, give a party, get a car, pay a bill, rent a flat, fix your roof, get a haircut, see a show, build a home, take a trip, get married."

"Get going and keep going. This old world is starting to move."

Here's a little diagram that visualizes just what happens to the funds of Aleppo Temple. Few of us perhaps have realized that the largest percentage of income goes to charity and the Crippled Children's Hospital.

1927—Potentate Appleton  
Succeeding Potentate Morrison found \$101,924.43 in the treasury.

1929—Potentate Haskell  
Succeeding Potentate Appleton found \$81,837.71 in the treasury.

1931—Potentate Faye  
Succeeding Potentate Haskell found \$106,192.21 in the treasury.

1933—Potentate Greenleaf  
Succeeding Potentate Faye found \$58,906.64 in the treasury.

## Send Us the News

The Potentate invites every member of Aleppo Temple to become a reporter for ALEPPO TEMPLE CEREMONIAL NEWS. It is an easy habit to get into. Just jot down the little happenings that occur from day to day, or time to time, that you think would be of interest to the Nobility and send them to THE EDITOR, Potentate's Office, Aleppo Temple, 97 Huntington Avenue.

WILLIAM H. CHASE  
Chief Steward

One of the outstanding restaurant executives of the country who, by the way, is a member of Aleppo Temple, was asked for some advice regarding the management of the Commissary Department of Aleppo Temple.

Says he, "You go over and get Bill Chase to take the job. He knows that business from the ground up. Everyone has confidence in him and he will see that those serving Aleppo Temple get a square deal and that the Nobles get value received for their dollar."

That's why William H. Chase is your Chief Steward. He has given the problem of feeding the Nobles at our Ceremonials a lot of time, thought and study. He has brought together a splendid organization and says he is going to keep the cost per head under a dollar including food, refreshments, cigars, etc.

And by the way, here are some of the reasons why Ceremonials are rather expensive:

Rent of Hall	\$1,000.00
Raising seats	250.00
Labor	140.00
Electricity, gas, sawdust, etc.	60.00
Ceremonial notice—printing, plates, postage, etc.	911.80
Food, cigars, beverages, labor, etc. at \$1.00 per head for, say an attendance of 5000	\$5,000.00

Now supposing, for instance, we have 25 candidates at the next meeting. The initiation fee is \$75.00—gross. From this deduct \$5.00 which goes into the Permanent Fund, \$2.00 to the Crippled Children's Hospital, \$.50 per capita tax to the Imperial Council and we have a net of \$67.50 or in other words, 25 candidates bring into the Temple the munificent sum of \$1687.50. The Shrine treasury has to stand the strain of the balance of the cost. And that is just too bad.

So, of course, we need candidates and the lack of them in times like these precludes the possibility of having caviar on toast, but you may expect a wholesome, tasty, substantial repast at the next Ceremonial, Thursday, May 4.

## ANALYSIS OF MEMBERSHIP

According to records submitted by the Recorder as of April 1, 1933, membership was as follows:

Life Members	6,688
Regular Members	7,540
Total Membership	14,328

Of the regular members 3,311 had paid their dues for 1933 and of the life members 5,204 had paid their hospital assessment for 1933.

This means that on April 1, 1933, Aleppo Temple had only 3,311 paying members inasmuch as the income from life members is passed directly on to the hospital fund.

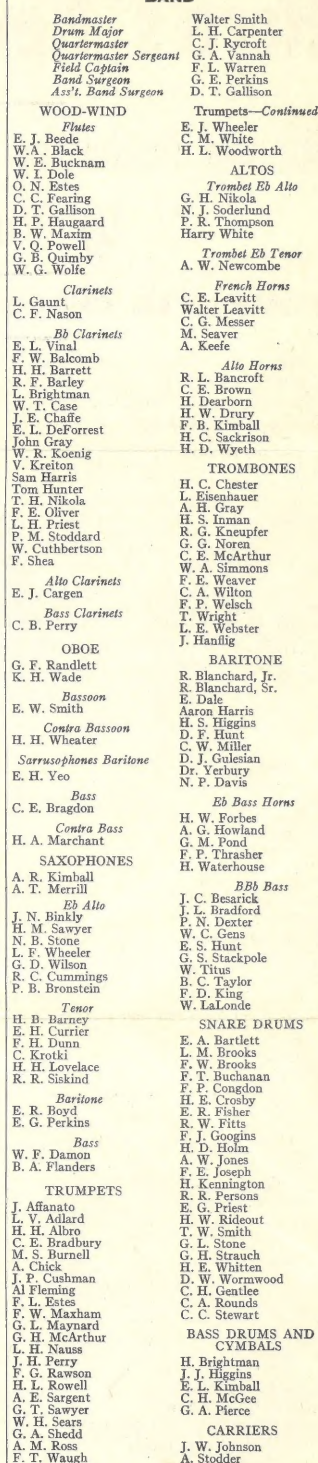

## UNPAID DUES AS OF APRIL 1, 1933

In Memoriam

In the ten years the Shriners' Hospitals for Crippled Children have been in existence there have been over 35,000 crippled children. If this number could be brought together what a mighty regiment it would make. In it would be some of the men and women of to-morrow who, because of the care they have received, are able to face the world without the handicap of a deformity. If the Shriners of North America had accomplished nothing else, they have the satisfaction of knowing they brought the joy of living to over 35,000 children who, otherwise, might have been obliged to face the world with the handicap of a crippled body. The record after a decade, speaks for itself.

The parents or guardian must be financially unable to pay for the treatment of the child, the financial condition being vouched for by a Noble and checked up by a financial or credit bureau.

Shrine Temple, or directly to the Chairman of the Governing Board of any hospital, or through any member of the Board of Trustees. Application blanks can be secured by addressing the Recorder or any of the hospitals. All applications take their turn on the waiting list. No preference is shown.

When the Color Guard, or Marshal, with his assistant presents the Colors at the altar after the Temple has been duly opened, the Potentate will cause the Nobility to come to attention and salute. After the salute is rendered, the following pledge will be recited in concert:

When a Noble is clothed with the fez, it is not necessary for him to remove it, as it is a part of his Shrine uniform. When a Noble is at a Shrine function wearing a fez, he should come to attention when the Colors are within six paces of a point directly opposite his position and he should stand at attention under the right hand salute until the Colors have passed him, and then drop his right arm.

## Aleppo Activities Headed Up by Prominent Shriners

### COMMITTEE CHAIRMEN ENTHUSIASTIC

When you elected your Potentate last January, he stated that he was not only deeply appreciative of the honor, after an apprenticeship of a quarter of a century, but was keenly alive to the responsibilities that go with that honor.

He also told you that one of the first tasks he would address himself to, with the assistance of the Divan, would be to set up the necessary machinery to make it possible for the Nobles of Aleppo to take a hand in running the affairs of the Temple.

After his election he immediately called a meeting of the entire Divan so that the experience, training and mature judgment of these Nobles—all able business men—could be brought to bear on the affairs of the Temple, with the result that as far as possible the activities of Aleppo were broken down into various committees, headed by prominent Shriners who, in each instance, organize their own committees.

It is through these committees that it is hoped to disseminate information to the Nobility pertaining to Aleppo Temple—that every Noble may be fully alive to what is going on and to take a greater interest in its welfare.

THEN IF WE DON'T GET CANDIDATES WHOSE FAULT WILL IT BE?

It is team-work that wins, whether in business, sports or otherwise.

Following is the list of the committees. Up to the time of going to press some of the chairmen have not reported on the complete personnel. The next issue of ALEPPO TEMPLE CEREMONIAL NEWS will give you the whole story.

## Says Walter, Our Recorder—

We have on hand several hundred of the engraved PINK CARDS of 1933 that we would like to exchange for the engraved long green issued by Uncle Sam. Have you had yours? Don't wait until the day of the meeting to get it. SEND NOW.

### WE WANT CANDIDATES

There are about six thousand Knights Templar and Thirty-second Degree Masons who are not, but should be, Shriners. If you know one of these, why not correct this condition? There are also many Shriners in our jurisdiction who have taken demits from various Temples, also many who belong to other Shrines but live in our jurisdiction and are permanently located here; among all these isn't there some one you know who you could get for our next meeting?

Many Nobles ask for the numerical standing of Aleppo Temple. The following table gives the positions of the BIG 6 in Shrinedom:

Temple	Location	1932 Member- ship	1933 Member- ship	Per Cent Loss
MEDINAH	Chicago	21,426	20,686	740 3
SYRIA	Pittsburg	18,040	18,388	352 3
LU LU	Philadelphia	16,512	15,477	1035 6
ALEPPO	Boston	14,728	14,328	383 2
AL MALAIKAH	San Francisco	14,062	13,162	884 6
ISLAM	San Francisco	9,993	9,359	614 6

Comparisons are odious. But the showing of Aleppo is encouraging.

200 of last year's loss in membership was caused by death. Let's get that number of new members at least this year, and as many more as possible.

Noble Will Rogers said that we had turned three corners and are back where we started. We say not around the corner, but straight ahead for BETTER TIMES BETTER FUN and BETTER SHRINES.

## Shrine Notes

The Committee on Fraternal Relations of Aleppo Temple is designed to emphasize the fact that Shriners are Masons and to foster and preserve in every legitimate way the most cordial and fraternal relations between the various Masonic Bodies from which our membership is drawn, and the fourteen thousand Scottish Rite and Commandery Masons who wear the emblem of the Mystic Shrine.

May our Brethren in Freemasonry look forward with pleasure to becoming Nobles of the Mystic Shrine, and may our Nobles never forget that they are Brethren.

The Shrine Luncheons, Frank A. North, Chairman, held on the fourth Tuesday of each month at the Copley Plaza Hotel, have proved to be one of the outstanding activities of the Temple.

The attendance averages over three hundred. The best speaking and entertainment are provided. The Nobles attest their interest by their continued attendance.

Nobles who have not as yet attended these monthly luncheons are urged to take an hour and a quarter off some fourth Tuesday and see for themselves what the Luncheons are like and how much they contribute to the social life of the Nobility.

The Sports Events Committee of the Boston Emergency Relief Campaign headed by Dr. Benjamin R. Thack Hardwick is planning to stage an unusual polo match and horse show at the Boston Garden on Saturday night, May 6th, total gross proceeds to the Campaign. The tentative program is as follows:

Parade of mounted band  
Drill by mounted police  
Cavalry exhibition  
★Drill by Aleppo Temple mounted patrol  
Artillery exhibition

Horse events (under direction of leading local horsemen)

Polo game between picked New England teams and New York teams

## Shrine Golf

Aleppo Temple Golf so well conducted by Chairman Al. Rydstrom, during the past two years has been strongly reflected in the attendance and splendid Shrine fellowship. Numerous requests have been received thus early for a continuance of these Tournaments during the coming season and the Committee have already made arrangements for the first two affairs as follows:

Kernwood Country Club, Salem, Mass., Wednesday, May 10th.

Worcester Country Club, Worcester, Mass., Wednesday, June 7th.

While the Tournament is limited to eighteen holes, if the courses are not crowded, those who desire may make a day's outing of it and play thirty-six holes. Lunch may be had at the Clubs, the expense to be assumed by the individual.

Prizes galore! Donation of prizes will be most welcome and acknowledgment and credit given.

Remember these Tournaments are not confined to Nobles of Aleppo but members of other Temples and particularly your friends who are eligible for membership in the Shrine are most welcome. Bring them along and sell them the idea of a Membership in Aleppo.

Price, \$3.00 each Tournament—Golf, Dinner and Entertainment.

Reservations may be made and tickets procured by applying to Assistant Recorder Noble Harvey B. Leggee at Aleppo Headquarters, 97 Huntington Ave., Boston, phone KENmore 0678.

It would be of great help to the Committee as well as to the Club Officials if reservations were made in advance. This is important.

## A Real Circus on the Way to You

For over three months numerous projects have been considered by Aleppo's Entertainment Committee to raise funds for the many activities of the Shrine.

They have finally chosen one of the finest aggregations that an organization could wish for and Aleppo Temple will offer a Shrine Society Circus to the public at the Boston Arena for three consecutive days—April 28, 29, and 30—matinee and evening performances.

A ticket sale plan is being worked out whereby teams or individuals will receive valuable gifts for the largest sale of tickets. At the time of going to press arrangements for distributing the tickets among the Nobility have not been perfected but you will hear plenty about it very soon.

The Shrine Society Circus will be mastodon in every respect, the ne plus ultra of a "Society Circus," surpassing anything of this nature that has ever been staged in New England. It will be a whirlwind of thrills. There will be outdoor free attraction, twenty circus acts in the "circus ring" and in the air, a midget city and side show, in fact a real circus with nothing missing but the canvas. There won't be a "Big Top" circus in New England this summer that will surpass it.

The outdoor free attraction will be Carvers' Diving Horse and Girl, a free attraction that is actually too big for a circus to carry. It has never before been seen in Boston. It will appear nightly. Horse and rider plunge from a tower 40 feet in the air to a tank of water. It is one of the greatest of thrilling acts in the two Americas.

There are elephant acts and elephant acts, but there have been none that have ever approached in entertainment and comedy the antics of the "Famous Elephants" used in this circus. These great, bulking, kindly creatures love to act. Together they form pyramids, stand on hind legs, walk and waltz, perform on the tight rope and offer many other clever stunts. There is "Midge" who plays the piano and "Clarice" who does the daring feat of carrying a human man in his mouth, and of course there is the two elephant "see-saw" with its attendant comedy.

Aerial acts, driving acts, trampoline, perch, acrobats, trapeze artists, casting acts, funny clowns, trained dogs and ponies and all those features which make a modern circus so enjoyable will be in the Shrine Society Circus at the Boston Arena. The show will run two and one half hours. All the acts have never played Boston and many have never been seen in New England before—featured acts too big for theatres and for most circuses to carry.

Let's all get together and make the Shrine Society Circus the biggest event this Spring in New England. Tickets may be obtained at the Recorder's Office, Arena Box Office, or of any member of the Uniform Units—25 cents to \$1.00—April 28, 29, 30, Matinee and Evening.

Spread the good news with the vim and enthusiasm that has made Aleppo Temple stand out among all Shrines for fellowship and cooperation.

## President Roosevelt at Imperial Session

Earl E. Jeffries, Director General of the 1933 Imperial Council Sessions at Atlantic City, July 9-13, informs us that the President of the United States, Franklin D. Roosevelt, has accepted an invitation to address the Imperial Council Sessions on Tuesday morning, July 11.

## A New Stunt

The members of the Shrine Club of South-eastern Massachusetts are planning to show the Nobility a new stunt at the next Ceremonial May 4. They assure us it is a WHALE of a stunt. A caravan is now being formed to journey to our oasis to give the "working crew" their support and a big hand.

Of course, we all want a smile from Registrar of Motor Vehicles Morgan T. Ryan who will be the speaker at next Tuesday's Shrine Luncheon—12:15 at the Copley Plaza.
